

If you need to waive an undergraduate course prerequisite (below 400 level), please use the following link to submit your request: <https://forms.gle/hT8pyWDVcfSHSfoKA>

See [USC Web Registration](#) instructions for more information on how to register for courses.

D-Clearance

If your class number ends in “R” (ex: 014-30404R), you can register through [USC Web Registration](#) after all pre-requisites have been met or waived. If your class number ends in “D” (ex: 907-30444D) you must request Departmental Clearance using our [D-Clearance Request and Pre-Requisite Waiver System](#). The d-clearance process ensures that students have completed the required pre-requisites or passed placement examinations. After obtaining d-clearance, register through [USC Web Registration](#).

Directed Research

EE 490, EE 590, EE 690 and EE 790

To register for a DR course, go to MyViterbi and submit a Directed Research Request after a faculty member has given you their okay to work with them for the upcoming semester. Once the professor you have selected approves your Directed Research Request on MyViterbi, you will receive a confirmation email and be provided with d-clearance to register.

MSFINE students only - please review the following [Directed Research project instructions](#) with details regarding the proposal and project submission deadlines and process.

Placement Exams

All students have the option to register for placement exams, free of charge, in order to satisfy pre-requisites for appropriate courses. [Learn more about the placement exams.](#)

Cadence Tools

[Cadence tools](#) are actively being used in the following courses: EE 477L: MOS VLSI Circuit Design, EE 536ab: Mixed-Signal Integrated Circuit Design and 577ab: VLSI System Design.
